

are your guests sending you a message?

If so, you need GuestWorks, the hospitality communications system for hotels that aim to please. Guests will appreciate amenities like in-room fax and high-speed Internet access, message waiting notification and voice messaging that can be retrieved after departure.

An Avaya product, GuestWorks is supported by Expanets — the EXPerts At NETworked Solutions company — giving you 24/7 service from 200 nationwide locations.

Get GuestWorks. Because these days, it takes more than a continental breakfast to bring them back.
